ENTRY TASK PROMPT
Please take a look at the video about the differences between GAD and Stress.
Please name the ways you could identify whether a friend is suffering from GAD instead of Stress from the video.

PROMPT 1
When can a person be said to have agoraphobia?

PROMPT 2
How does one meet the criteria for a diagnosis of specific phobia?

PROMPT 3
What are the five sub-types of specific phobia?

PROMPT 4
How are those with B11 type phobia almost always different in their physiological reactions from people with other types of phobia?

PROMPT 5
Which type of phobia runs more strongly in families than other types?
